January 13, 2025

Dear Parents/Guardians,

We hope this letter finds you well. As part of our commitment to continually enhance the educational experience at Arlington Christian School, we are excited to share that enrollment for the 2025-2026 is now open! The \$300.00 enrollment fee will be waived for any student who is re-enrolled by March 31, 2025.

The inclusive tuition model implemented during this 2024-2025 school year was very successful. As a result, we will continue to implement the inclusive tuition model that encompasses various fees previously charged separately. As a reminder, this approach means parents will no longer incur additional costs for textbooks, field trips, yearbook, field day, awards programs, end of year activities, and senior dues. High School graduation fees will still be required. We believe this simplifies the financial aspects of your child’s education and contribute to a more transparent fee structure.

Inclusive Tuition Details:

1) Technology:

The cost of chrome books for student use, maintenance and upkeep of all servers, firewalls, and technology related repairs, cost of maintaining copy machines, educational subscriptions for instructional purposes.

2) Textbooks:

The cost of textbooks is now covered by the inclusive tuition, eliminating the need for separate textbook purchases.

3) Field Trips:

Two paid fields trips per year are included in the tuition to provide valuable educational experiences for your child(ren). If additional field trips are planned and approved, there may be additional fees as necessary.

4) Yearbook:

Each family will receive one complimentary yearbook as part of the inclusive tuition. Additional copies can be purchased if desired.

5) Field Day, Awards Programs, End-of Year Activities:

The cost of varies activities such as field day, awards programs and end of year activities is now covered by the inclusive tuition.

6) Senior Dues:

Senior dues for our graduating students are included in tuition, ensuring a memorable and fulfilling senior year. Graduation fees will still apply in order to cover expenses for regalia, diplomas, and graduation location etc.

2025 – 2026 Inclusive Tuition

K4	\$8,245.00	<i>Discounts for multiple children are available</i>
K5	\$10,119.00	<i>\$150.00 New Student Application Fee is due at the time of completing the</i>
